

## **BRENT AHRENS**

brentholmesahrens@gmail.com | 301.606.3561

I'm a front-end developer eager to work in a demanding and dynamic role that compliments my passion for building responsive and functional websites and leverages my extensive experience working in teams.

## **EXPERIENCE**

Atelier Ace, Jr Web Developer  
present

April 2019 -

- Collaborate closely with design, copy and marketing teams to build unique and functional web experience across our extensive family of sites
- Build and manage high traffic websites for major boutique hotels
- Work with a ticket system where my task include site enhancements, bug fixes, Git Hub management, CMS updates, responsive CSS, and SEO

## **TECH SKILLS**

React | Vue | Javascript | CSS3 | SASS | CSS Grid | Flexbox | HTML5 | Responsive Design | Git Hub | SEO | Wordpress | Squarespace | Wagtail | Pro Tools

## **PROJECTS**

### **Ace Hotel**

A chain of boutique hotels with locations across the country and abroad. I build and manage property sites in the Wagtail admin and regularly implement CSS enhancements, content updates, bug fixes and SEO improvements.  
*Vue / Django / Wagtail*

### **The Breslin**

A famed Michelin gastro pub in New York City. In collaboration with our design team, I built the site using custom code blocks within the Squarespace framework.  
*Javascript / CSS / HTML / Squarespace*

### **Last Light**

A rooftop bar in the Lower East Side. In collaboration with our design team, I built the site using custom code blocks within the Squarespace framework.  
*Javascript / CSS / HTML / Squarespace*

### **Maison De La Luz**

[www.brentahrens.com](http://www.brentahrens.com)

A luxury hotel in New Orleans

In collaboration with our design team, I built the site using custom code blocks within the Wordpress framework.

*Javascript / CSS / HTML / Wordpress*

## **OTHER WORK EXPERIENCE**

Guest Service Agent Ace Hotel  
2018

2012 -

- Led a team of six agents focused on providing quality customer service at one of New York City's premier hotels
- Worked with high profile clients in a concierge capacity assisting with standard hotel services and amenities as well as ad hoc special requests and projects
- Acted as a liaison between the GSA dept and hotel lead staff, helping to advocate and negotiate on behalf of my team

Audio Engineer/Ops Manager Chung King Studios  
2006 - 2012

- Worked as Assistant Engineer at top NYC recording studio with artists including The Black Eyed Peas, Nas, and Lil Wayne
- Troubleshoot technical issues, recalled mixes on Neve and SSL consoles, organized setup for live rooms and control rooms
- Managed operations such as equipment inventory, studio expenses, and intern program

## **EDUCATION**

General Assembly, Los Angeles, CA

- Completed 12 week (700+ hour) Immersive Web Development course focused on MERN stack technology

Conservatory of Recording Arts and Sciences, Tempe, AZ

- Completed certification in Audio Engineering with extensive training in Pro Tools, Live Sound, and Music Business
